### Declaration of Electrical Conformity

<b>Identification of the product:</b>	<b>Eco-Dispenser / Eco-Dispenser Max UV</b>
<b>Name and address of the European Master Distributor</b>	MIW Water Cooler Experts Oakeys Road, Tanfield Lea Ind Est Stanley, DH9 9XW
<i>MIW Water Cooler Experts - Iso 9001 Registered - 14125515</i>	
<i>This declaration of conformity is issued under the sole responsibility of the Master Distributor</i>	
<b>Object of the Declaration:</b>	<b>Eco-Dispenser / Eco-Dispenser Max UV</b> Eco-Dispenser HTHB 1500, Eco-Dispenser HTHB 1500-80, Eco-Dispenser Max UV - NonChill, Eco-Dispenser Max UV - SuperChill

The electrical accessories comprising this piece of equipment meet the requirements of all UK BS, EU EN and international IEC manufacturing directives for electrical products.

The internal 13amp socket outlets are all individually RCD earth fault current protected at 30mA, with a trip speed time of less than 40ms. They are manufactured to BS7288: 1990.

These RCD socket outlets meet the requirements of BS7671: 2018, Requirements for Electrical Installations 18th Edition and the additional requirements for socket outlets for the supply of mobile equipment for use outdoors.

We recommend the use of RCD protected socket outlet supplies in the users premises, as an additional safety enhancement.
